About: Riley's Rescue

The Riley Rolph Animal Rescue fund, a not-for-profit organization, was established in September of 2009 in honor of 11 year old Riley Rolph to help supply food, shelter, medical attention and loving homes to homeless animals. In addition, the fund supports pet adoptions by contributing to established shelters, adoption facilities and events.

Although Riley Rolph passed away in August of 2009 as a result of an on-going battle with a congenital heart condition, she dreamed of a world where all domesticated animals are loved and properly cared for. Riley believed all animals were entitled to a caring home, and it was her passion to make that dream a reality. The Fund will strive to honor her legacy through the generosity of donors like you.
